At the same time these traditions would have been to be combine with those of the new independent India. This was the era of idealism & people were beginning to think in terms of a nation rather than a mere state or region:-

Then & there the H.E.S. Society was found in 1954 under the dynamic & progressive leadership of Late Mr. R.S.P.C. Khungar, (The Founder Person) One of its cultural tenets was to establish a School in the Progressive area of Trans Yamuna where both English & Hindi is the Media of instructions.

Late Mrs. S. Khungar

## Principal's Message

### Our Motto : "Shiksha Dhyey Hamara"

The most precious pearl that a human can possess in his life is education. It not only acts as a strength but brings enormous changes in its personality. In today's competitive world of education, an achiever School is one that believes in excellence, where parents have full faith in its staff, strategies and systems. Our aim of running Academic Institution is to provide quality education and pursuit of excellence in all fields and in life itself. Also, to enlarge the mental horizons and broaden the outlook of Students through training in co-operation, consideration, team spirit & service.

Building do not make Schools, it is the pupils and their pursuit of knowledge which make the soul of a School and the healthy roots of a nation are planted here. Remember, Rome was not built in a day and each big task always starts with the first step.

The prospectus hopefully shall convey a fairly good idea about the spirit with which we work to enlighten the young aspirants, with all humble submission before the God Almighty who has obliged us to do so.
